## CAREER OBJECTIVE

Motivated BCA student specializing in Artificial Intelligence (AI), Cloud Computing (CC), and DevOps, with hands-on experience in **Flutter app development** and Vibe Coding — a creative approach to generating code using AI tools and natural language. Skilled in building full-stack, high-quality mobile applications using Flutter, Firebase, and PHP. Dedicated to continuous learning, problem-solving, and creating impactful digital solutions.

## EDUCATION

**2023 - 2026**

Yenepoya University,

**Bachelor of Computer Applications (BCA)**

Yenepoya University, Bengaluru — Currently pursuing a Bachelor of Computer Applications (BCA), specializing in Artificial Intelligence (AI), Cloud Computing (CC), and DevOps, with an average score of 70–86% across all semesters.

## EXPERIENCE

**Flutter Developer Intern – Personal Projects / Freelance Jan 2024 – Present**

- Developed multiple mobile applications using Flutter, Dart, Firebase, and PHP
- Integrated Razorpay payment gateway and optimized backend data flow
- Applied AI-assisted Vibe Coding techniques for faster and more creative development

## PROJECTS

### 1. Full-featured E-commerce App

**Technologies:** Flutter, Dart, PHP, HTTP, SQL, phpMyAdmin, Razorpay

- Developed a complete shopping application
- Backend integration with secure Razorpay payment gateway

### 2. Real-time Chat App

**Technologies:** Flutter, Dart, Firebase

- Built a real-time chat application using Firebase
- Implemented login and logout authentication functionality

### 3. HomeRenter App

**Technologies:** Flutter, Google Maps API, Firebase, Local Database

- Developing a rental home application
- Features live location detection, search, and manual address input
- Key skills applied: Google Maps integration, live location handling, user input processing

## SKILLS

- Languages:** Dart, Python, Java, JavaScript, C++, C, SQL, HTML, CSS
- Frameworks & Tools:** Flutter, Firebase, MySQL, PHP, MyAdmin, Razorpay Integration
- Domains:** Machine Learning (ML), Artificial Intelligence (AI), Cloud Computing (CC), DevOps
- Cloud & Tools:** Git, GitHub, Linux, Windows, VS code, Cursor, Android Studio, google antigravity
- Other Skills:** Vibe Coding, UI/UX Implementation, Git, Problem Solving
